Longwood Nov 17th/78

My dear friend

W. L. Garrison

The papers thou so Kindly sent us, some weeks ago were duly received, and should have been acknowledged long before this, and I began a letter to that effect; but was interrupted before it was finished and it was laid aside, and I must now beg thee to excuse the seeming neglect and accept our grateful thanks for the Kind remembrance — We had not heard of Mr Thompsons death until we saw the paper thou sent, and as I read

thy letter, we recalled the delightful
visits we had enjoyed from thyself
& Mr Thompson, and how grateful we
feel for the privilege & honor in
having such good and noble men
as our friends — and what a real
pleasure it was to our dear parents
to welcome you to our old home, and
to go to Anti Slavery meetings and to have
them Anti Slavery & Progressive friends, about them, and
them Children enjoyed it with them,
and still are delighted to have them
old & honored friends remember them
and are grateful & proud of their
continued friendship — —
We are to have a Meeting of the Penn
Womans Suffrage Assoc'n at Kennett
